I believe that the BUR 2 N-IMAT did a great job considering the circumstances. They filled in the gaps, stepped up when necessary and coached as approximate. In support of the Region 6 response activities they adjusted well first in the REOC and then in the field. At no time where they a hindrance to the activities but were patient for the opportunity to blend well with the existing structure.

In addition to assuring that all the tasks identified in the Letter of Expectations were completed, they:

- NIMAT assisted with development of long range staffing plan
- Helped with UC planning process
- Suggested an improved seating arrangement for the C&G Meeting which streamlined the daily agenda.
- Provided coaching to some KLP positions.
- Assisted with Financial tracking and supported the UC Logistics in securing lodging for EPA responders.
- PIO and LNO worked closely with R6 regarding PA.
- Supported the REOC Logistics.
- Drafted Mobilization and Demobilization Plans.

Subject: NIMAT Briefing

John,

Reggie Cheatham will be at the REOC on Sunday and in Houston Monday. For the Sunday REOC meeting, Carl would like to give Reggie a short briefing on how the NIMAT activation went. Please reply to all with bullet points on things you would like us to cover in the briefing. Need to get these to Reoc tomorrow morning so we include with other material. Thanks
